

Guide to Enable EyeVerify Authentication

Did you know that you can log into mobile banking using your eye pattern? Here are step-by-step instructions to help you enable and set up EyeVerify Authentication for your York County FCU account.

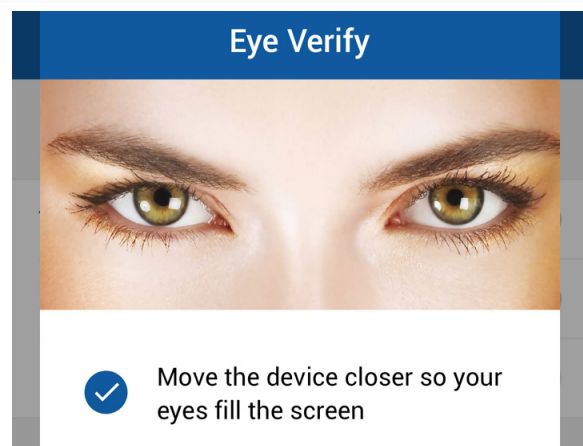

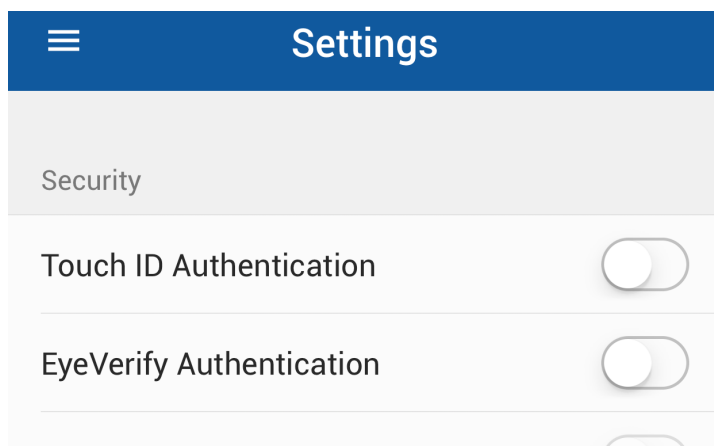

Step 1: Log into mobile banking

Step 2: Click the menu (three lines) in the upper left corner and click "Settings"

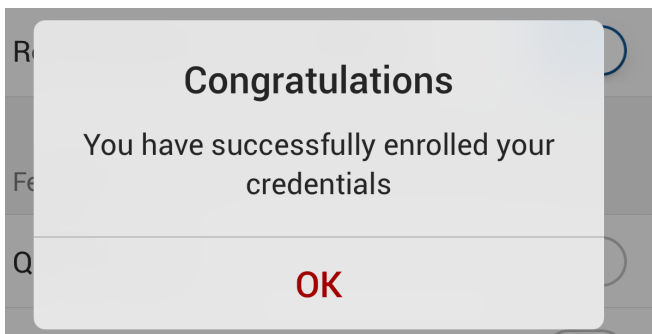

Step 3: Enable EyeVerify Authentication and tap "OK"

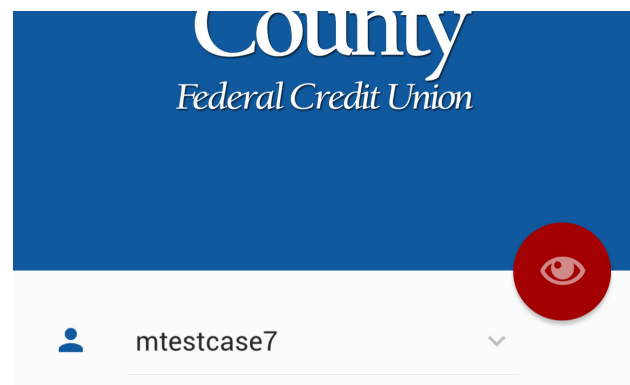

Guide to Enable EyeVerify Authentication

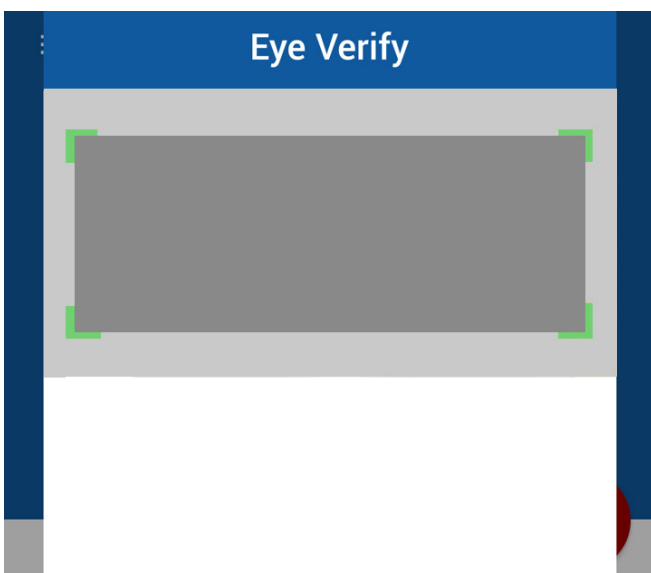

Step 5: Verify your credentials

Step 6: Return to the login screen

Step 6: Sign in by holding your phone up to your eyes

Please Note: If you are enrolled in Touch ID and EyeVerify, you will be required to authenticate yourself in both to log into mobile banking.
